Frequently asked questions continued...

What happens at the meetings?

A light meal is served, we do a group activity which may consist of planning an event, such as a youth conference, community or volunteer work or have a group discussion about issues the youth may be experiencing.

How do I know if Youth Partnership is for me?

You won't know until you try it. It's not for everyone but I would suggest going into it with an open mind and ask yourself, what can I do to make this group better, to help my community and to help myself?

More About Us

New Jersey Youth Partnerships began in 2002 with the first group being formed in Burlington County. The original youth involved in the planning process had a common theme: "to eliminate stigma" and stop the isolation youth so often feel and to reach out to others. The goal was to provide a safe, youth friendly environment and advocate for youth with mental health concerns.

"Youth Partnership sponsors trips for the entire family."

Mission Statement

We the youth face challenges every day that build our self-esteem and confidence. We work on team leadership and life skills to develop our characters. Through volunteering and community activities we hope to gain respect from our peers and community. Our emotional, mental and behavioral challenges do not define us. Through education we are able to obtain independence and knowledge that help shape a positive world. We are not the average youth group; we push each other to follow our dreams.

Promotes Diversity

About Us

Youth Partnership works with youth ages 13-21 who have been involved with the mental health, juvenile justice, or child welfare system. We plan activities, teach them appropriate ways to socialize and involve them in the community.

Frequently asked questions:

How do I join the Youth Partnership?

Locate your Family Support Organization in your county and ask to speak with the Youth Coordinator.

Are group discussions confidential?

Yes, all topics discussed during our group meetings are to remain private.

Does YP provide transportation?

It depends on what county you live in, you would need to discuss that with your Youth Coordinator.

What can I expect out of the group?

To make new friends, gain independence and knowledge of appropriate social skills and make memories.
